

Special Issues and Best Student Paper Award

MECSOL participants will have the opportunity to enjoy several benefits, as described below:

- **Springer's ABCM Series – MECSOL 2024:** They can submit their revised papers (10-15 pages) for consideration to the book “*Springer's ABCM Series – MECSOL 2024*” at no extra charge.
- **Special Issue of the *Latin American Journal of Solids and Structures (LAJSS)*:** Authors will also be able to submit full papers to the MECSOL 2024's special issue of the *Latin American Journal of Solids and Structures (LAJSS)*.

Please contact the organizing committee if you need assistance with the submission process in both cases.

- **Best Postgraduate Student Paper Award**

During the paper presentation sections, the event's organizing team will carry out an evaluation to determine the best paper authored by postgraduate students. The result will be announced at the closing ceremony on October 23, 2024.

Eligible candidates: Postgraduate (master's or doctorate) matriculated students or those whose defense took place before 22/10/2023 that are the first author of the submitted paper.

Application process: send an email to paulo.tarso@ufsc.br. With the following information:

- ✓ Name;
- ✓ Title and number of the work;
- ✓ Certificate of enrolment in a postgraduate program or certificate of corresponding defense before October 23, 2024.
- ✓ Use email SUBJECT: MECSOL2024 – Best PG. Award

Registration deadline: deadline for the submission of the final paper.
